Planned Parenthood Annual Reports from Fiscal Year 2005-2006 to 2017-2018

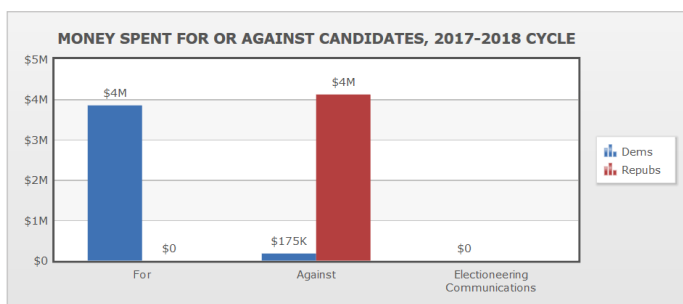

MARKET SHARE

“Meanwhile, Planned Parenthood continues to maintain a large portion of the market share on abortions in the U.S., committing over one-third! 35%”

- Planned Parenthood committed 323,999 abortions in fiscal year 2014-15
Planned Parenthood 2014-2015 Annual Report, page 30
- 926,200 abortions nationwide in 2014
January 2018 Fact Sheet (the Guttmacher Institute’s most recent abortion numbers)
<https://www.guttmacher.org/fact-sheet/induced-abortion-united-states>
- **Math:** 323,999 / 926,200 = 0.3498 = 35%

POLITICAL INVOLVEMENT

“Planned Parenthood spends millions on campaigning and lobbying each year to influence the elections of official who will increase their funding and advocate for extreme abortion laws.”

LOBBYING

Independent Expenditures: \$8,144,255
 For Democrats: \$3,846,617
 Against Democrats: \$174,721
 For Republicans: \$0
 Against Republicans: \$4,122,917
 Electioneering Communications: \$0
 Communication Costs: \$0

\$1,156,951 (2018)

\$1,431,537 (2017)

ranks 343 of 4,163 in 2018

PANEL 2

FQHCs

“FQHCs are regularly inspected and are required to meet higher health standards”

Health Center Program Compliance Manual

<https://bphc.hrsa.gov/programrequirements/compliancemanual/introduction.html>

“FQHCs adjust services to address community needs”

- “Based on community needs, health centers offer medical, dental, vision, behavioral health, and enabling services.”
National Association of Community Health Centers Fact Sheet, August 2018
- “The first line of defense to combatting the nation’s opioid epidemic.”
HRSA Health Center Program Summary August 2018

“FQHCs more commonly exist in underserved and rural areas”

- Nearly 1 million agricultural workers served in 2018
- 1 in 5 rural area residents

National Association of Community Health Centers Fact Sheet, August 2018

“FQHCs provide care for the entire family”

- 8.4 million children in 2018
- 9% of clients receive Medicare

National Association of Community Health Centers Fact Sheet, August 2018

“FQHCs serve Medicaid patients”

- 49% of patients use Medicaid
- 13 million patients live in poverty

National Association of Community Health Centers Fact Sheet, August 2018

“FQHCs spend \$0 on politics”

- “In order for a Community Health Center to become a FQHC Look-alike, the organization must first apply for and be designated nonprofit 501(c)(3) status by the Internal Revenue Service (IRS)... In order to complete an application for Medicare reimbursements, Medicare mandates all nonprofit organizations show proof of 501(c)(3) status.”
- A 501(c)(3) CANNOT campaign during elections or significantly lobby

Article on Obtaining 501(c)(3) Status as a Health Center
<https://healthcentersolutions.com/fqhc-look-alikes-obtain-501c3-status/>

“FQHCs serve more people and have more locations.”

- More than 27 million patients in 2017
- Approximately 12,000 service sites

HRSA Health Center Program Summary August 2018

LOCATIONS AND PATIENTS GRAPHIC

“FQHCs have 11,000 facilities.” & “FQHCs serve 27 million patients.”

HRSA Health Center Program Summary August 2018

“Planned Parenthood has 600 [facilities].” & “Planned Parenthood serves 2.4 million [patients].”

Planned Parenthood 2017-2018 Annual Report, page 2

GOOD SERVICES ARE DOWN GRAPHS

“Pap Tests down 75%”

- 274,145 in 2017
Planned Parenthood 2017-2018 Annual Report, page 25
- 1,116,681 in 2005
Planned Parenthood 2005-2006 Annual Report, page 4
- **Math:** $274,145 / 1,116,681 = 0.25 \rightarrow 1 - 0.25 = 0.75 = 75\%$

“Breast Exams down 66%”

- 296,310 in 2017
Planned Parenthood 2017-2018 Annual Report, page 25
- 882,961 in 2006
Planned Parenthood 2006-2007 Annual Report, page 4
- **Math:** $296,310 / 882,961 = 0.34 \rightarrow 1 - 0.34 = 0.66 = 66\%$

“Prenatal Care is down 31%”

- 9,055 in 2017
Planned Parenthood 2017-2018 Annual Report, page 25
- 13,261 in 2005
Planned Parenthood 2005-2006 Annual Report, page 4

- **Math:** $9,055 / 13,261 = 0.68 \rightarrow 1 - 0.68 = 0.32 = 32\%$

“Colposcopies are down 31%”

- 16,570 in 2017
Planned Parenthood 2017-2018 Annual Report, page 25
- 47,557 in 2006
Planned Parenthood 2006-2007 Annual Report, page 4
- **Math:** $16,570 / 47,557 = 0.35 \rightarrow 1 - 0.35 = 0.65 = 65\%$

“HPV Treatments are down 59%”

- 23,148 in 2017
Planned Parenthood 2017-2018 Annual Report, page 25
- 56,758 in 2009
Planned Parenthood 2009-2010 Annual Report, page 4
- **Math:** $23,148 / 56,758 = 0.41 \rightarrow 1 - 0.41 = 0.59 = 59\%$

PANEL 3

MISSOURI

“In ten years, at least 71 ambulances have been called to the St. Louis Planned Parenthood.”

- The St. Louis Fire Department released a list of 58 emergency calls dating from January 1st, 2009 to April 6, 2016.
St. Louis Fire Department May 2016 Report
- 11 other ambulances were reported between May 2016 to March 2018
The Planned Parenthood Medical Emergencies Package by Team Play
- Two recent ambulance visits: January 18th, 2019 & November 2nd 2018
Photo evidence from Coalition for Life Saint Louis

“In addition, the Missouri Department of Health found multiple staff members handling bodily fluids while failing to practice basic hand washing procedures.”

- “Staff JJ, Physician... performed a vaginal exam on the patient removed her right glove, failed to perform hand hygiene.”
- “Staff LL, Physician... after the procedure was completed... removed her gloves but failed to perform hand hygiene before exiting the room.”
- “Staff GG administered additional IV medication while wearing gloves, picked up a piece of trash from the floor, stood with her gloved hands on her hips, then documented in the electronic medical record. She failed to change her gloves and perform hand hygiene.”
- “Staff CC, Medical Director, Physician,: Questioned if hand hygiene between glove changes was a new standard; wanted to know whose standard it was.”

Missouri Department of Health and Senior Services Inspection Report dated May 25, 2017

DELAWARE

“At the Wilmington Planned Parenthood, abortion instruments and operating rooms were reused without proper sanitation.”

- “The doctor would be in such a hurry to get the patients in and out that he himself would bring the patients back into the unclean procedure room where the examination table would still have bloody drainage and body fluids on it from the previous patient.”

Former Planned Parenthood nurse, Jayne Mitchell-Werbrich, in a letter to Sam Nickerson, of Delaware Division of Professional Regulation, July 2012

“The Delaware Division of Public Health found another 14 health violations.”

1. Wasted doses of narcotic medications were not witnessed/co-signed by a second qualified person
2. Blood pressure cuffs were a porous fabric – not cleanable

3. One heating pad was fabric covered – not cleanable
4. One hundred eleven (111) expired supplies
5. Fourteen (14) instruments were in sterile pouches, but did not have an independent indicator strip in pouch
6. Four (4) spray bottles, two (2) with a red liquid and two (2) with a blue liquid, were unlabeled as to the contents
7. Two (2) sharps containers sitting on the counters – not wall mounted
8. Two (2) sets of “sterile” gloves out of the sterile packaging
9. Corrugated cardboard boxes used for storage in the cabinets of procedure rooms
10. Cabinet holding suction machine was rusty
11. Suction machine did not have a date for preventive maintenance (time-based maintenance to ensure reliability)
12. One machine to monitor blood pressure, pulse and pulse oximetry – preventive maintenance was due 3/2013
13. Autoclave spore testing into completed on a routine basis
14. The solution used for ultrasound probe disinfection was not tested prior to each use as per manufacturer’s guidelines.

Delaware Health and Social Services correction letter to the Planned Parenthood of Delaware dated April 24, 2013

“The State Attorney General stated that the abortionist’s unsafe practices posed a ‘clear and immediate danger to the public.’”

- Full paragraph: “Based on Respondent’s serious and repeated acts of misconduct, unprofessional conduct, incompetence and negligence and that Respondent has active medical licenses in Delaware and Pennsylvania, Respondent presents a clear and immediate danger to the public.”

The Delaware Board of Medical Licensure and Discipline statement on Timothy Fouch Liveright, M.D. dated May 30, 2013

COLORADO

“A patient at the Rocky Mountains Planned Parenthood was forced to undergo an abortion without anesthesia. Following the procedure, the hospital found that the abortion had been botched and body parts of the baby were left inside of her”

- However, before the I.V. was inserted and before the Plaintiff received any anesthesia, the Planned Parenthood Doctor began the procedure to abort the pregnancy. At this time, Plaintiff immediately told the Planned Parenthood Doctor to stop... The Planned Parenthood Doctor did not stop.”
- “The abortion procedure had left particles of fetus inside Plaintiff’s body that had caused an infection.”

Ayanna Byer v. John Doe, M.D., Doctor for Planned Parenthood of the Rocky Mountains, Inc. and Planned Parenthood of the Rocky Mountains, Inc, Complaint and Jury Demand, page 3 -4

PENNSYLVANIA

“Planned Parenthood has failed 14 of 30 health inspections since 2017.”

1. Planned Parenthood Keystone – Warminster 4/12/17
2. Planned Parenthood Keystone – Warminster 8/22/17
3. Planned Parenthood Keystone – Warminster 11/29/17
4. Planned Parenthood Keystone – Warminster 3/14/18
5. Planned Parenthood Keystone – Allentown 8/23/17
6. Planned Parenthood Keystone – Allentown 11/30/17
7. Planned Parenthood Keystone – Allentown 3/15/18
8. Planned Parenthood Keystone – Harrisburg 3/21/17

Pennsylvania Department of Health Failed Inspection Reports

“The Allentown Planned Parenthood was caught disposing of aborted babies down the drain.”

- “Interview with EMP1 on May 31, 2012, revealed the facility had no provision for the disposal of bloody body fluid waste. EMP1 was uncertain if the facility had approval from the Department of Environmental Resources for disposal of bloody body fluid waste down the sink in the soiled area.”
- “Further interview with EMP1 confirmed “we pour the bloody liquid from the procedure down the sink””

Pennsylvania Department of Health Inspection Results of Planned Parenthood Allentown, dated June 8th, 2012

“The Philadelphia Planned Parenthood failed to ascertain if several minors had been victims of sexual abuse.”

- Six Medical Records (MR) were discovered:
 - Medical Records 1, 2, 3, and 6 stated “13 year old unmarried pregnant patient... no documentation that the facility ascertained if the child had sexual intercourse with an individual who was four or more years older than the child.”
 - Medical Records 4 and 5 stated “MR4...14 year old unmarried pregnant patient... no documentation that the facility ascertained if the child had sexual intercourse with an individual who was four or more years older than the child.”

Pennsylvania Department of Health Inspection Results of Planned Parenthood Philadelphia Locust St, dated November 18th, 2013, pages 9-10

ILLINOIS

“Tonya Reaves bled to death at the Chicago Planned Parenthood following a botched abortion. Her procedure began at 11:00am, and 91 wasn’t called until 4:30pm.”

- “The cause of death of this 24-year-old, black female, TONYA REAVES, is due to hemorrhage resulting from cervical dilation and evacuation due to an intrauterine pregnancy.”
- “At approximately 1100 hours, subject had an elective suction D&E at Planned Parenthood”
- Subject had post procedure bleeding and was transferred via Chicago Fire Department Ambulance to Northwestern Memorial Hospital at 1630 hrs.”

Report of Postmortem Examination of Tonya Reaves July 21, 2012

Office of the Medical Examiner, County of Cook, Illinois

PANEL 4

Washington

“The state allows Planned Parenthood to perform their own inspections for certification and accreditation.”

- “A physician who performs a procedure under must ensure that the procedure is performed in a facility that is appropriately equipped and maintained to ensure patient safety through accreditation or certification and in good standing from one of the following: (e) Planned Parenthood Federation of America or the National Abortion Federation, for facilities limited to office-based surgery for abortion or abortion-related services.”

WAC 246-853-650

<https://app.leg.wa.gov/wac/default.aspx?cite=246-853-650>

California

“California allows non-physicians (nurses, physician assistants, and midwives) to do surgical abortions.”

- “A nurse practitioner or certified nurse-midwife who has completed training and achieved clinical competency through HWPP No. 171 shall be authorized to perform abortions by aspiration techniques pursuant to Section 2253, in adherence to standardized procedures described in subdivision.”
- Signed by the governor October 9th, 2013

Assembly Bill No. 154, Chapter 662, Section 2

https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201320140AB154

Georgia

“In Georgia and in 16 other states, doctors can prescribe dangerous abortion-inducing drugs without ever assessing the patient in person.”
